- Storage Machines and WMS
- Warehouse Intelligence System - C-WMS
- Warehouse Solutions

Please visit www.constructor-storage.com for more references.

We help you to store your stocks

Every retail outlet has a common problem; do you have all your stock on the shelves or do you partition off some of your high cost floor space to use as a store room? Most retailers go for the second option of having a store room.

Constructor have acknowledged this problem and work alongside major retailers and high street shops in condensing the stock room floor space to a minimum thus allowing either more room for display or indeed the

selection of smaller premises.
