

What is an Inspection?

Constructor's rack inspectors are fully certified, and highly experienced to conduct yearly inspections to ensure your facilities are kept safe.

Following every inspection a detailed report is provided, offering advice and indicating areas that require immediate action or future attention by using a simple traffic light indicator. Each visit is certified and documentation provided that can be clearly displayed on the racks to confirm our inspection.

Our inspections strictly comply with all government guidelines and legislation and any rectification work is fully guaranteed. Keep your warehouse safe. Let us identify the early signs before it's too late.
